W E L C O M E

Hey guys! This is us. Katie & Vinny. Some people call him Vince. Or Vin. Or Vincent. But I think he's a Vinny through & through.

We are 35 year old fun loving weirdos who enjoy spending time together in heavenly Ventura. We find joy in discovering new places together, pizza & beer dates, surfing, sunshine, traveling, couch-lounging with our cat Gunnie, hanging with our awesome pals and capturing our own memories through photo & video.

We pride ourselves on being able to adapt to the energy of the day. Almost every Saturday we walk into a bridal suite full of women getting their hair & makeup done while listening to their favorite playlist and sipping champagne. The energy can be high, low or somewhere inbetween. Either way - we're going to capture it accordingly. We want you to look back on the day and see it for how it felt. Genuine, real, messy and beautiful. We want you to relive the feeling through our photos and video for years to come.

We have witnessed the rainbow of emotions that can occur on wedding days and we respond to each one with ease. We love human connection and the unpredictable motion of life - real, raw, messy imperfections that make us all unique. Each moment will never happen again and what an honor it is to be the one to capture them for YOU. Your moments. Your memories.

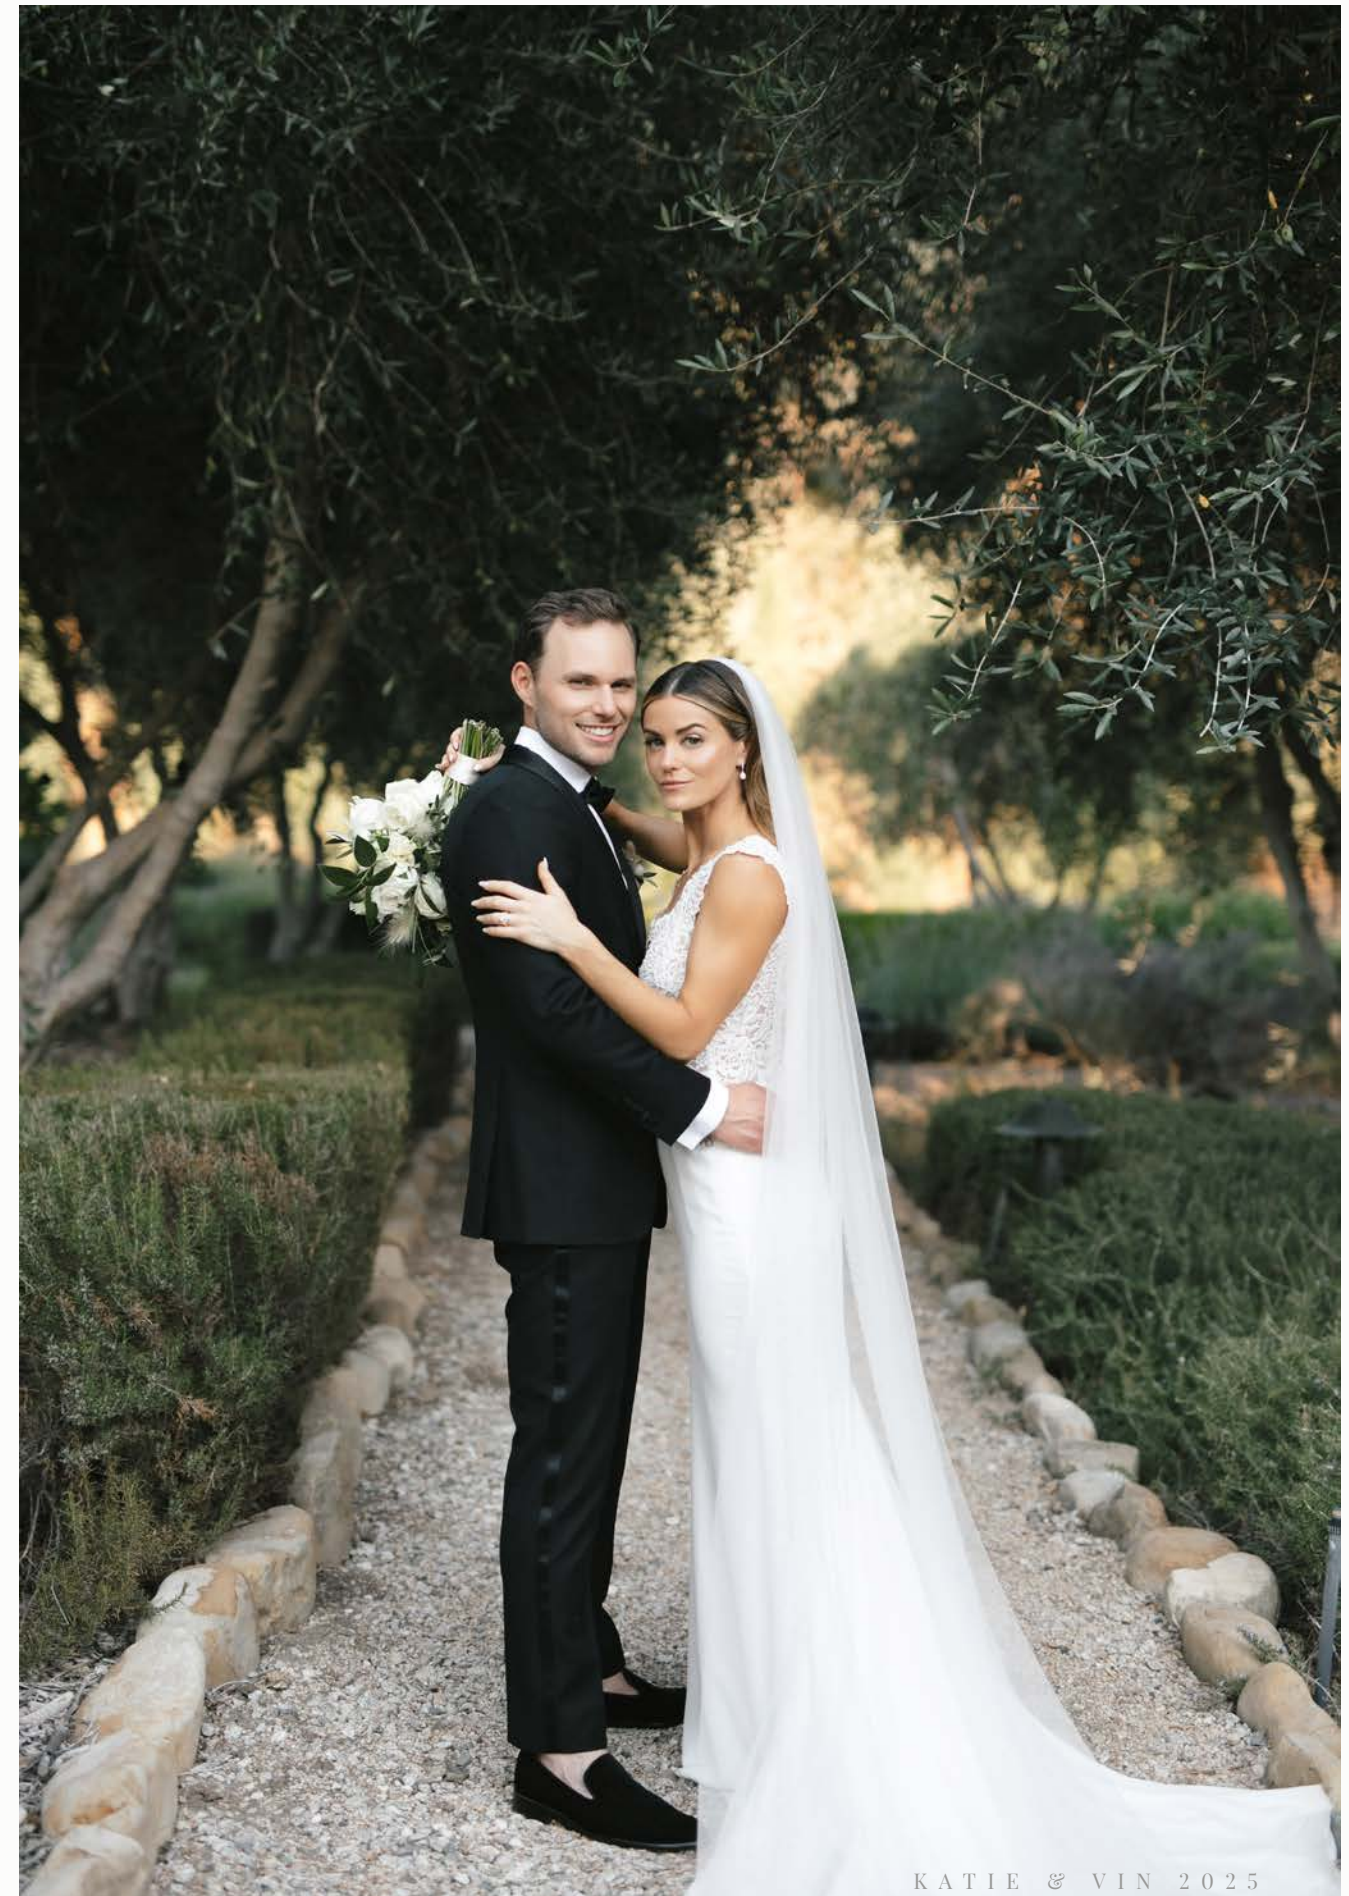

As we move through this process we become your friend, therapist and wedding planner. (Please do hire an actual wedding planner though. They rock). We're there when most people are not. We witness some of your most intimate moments and we feel so grateful to do so. We're going to have to trust each other. You trust that we know what we're doing and let us have creative freedom and we trust that you'll enjoy your day to the fullest.

Katie was the first vendor we booked for our wedding right after we got engaged and I'm SO glad we did! I had seen her work from friends' engagement shoots and weddings and I was always in awe by the way she was able to capture the most gorgeous photos that truly encapsulated the energy and vibe of a setting and group of people. She did our engagement photos and wedding photos and we could not be more in love with ALL of them! She has an incredible ability to make you so comfortable in front of the camera and it shows in her work! She also goes above and beyond for her couples-- one of my favorite touches is that had a stack of Polaroids waiting for us after the wedding so we could instantly relive moments from our day the morning after while we had our coffee. We're so grateful for Katie's incredible work and can't recommend her more highly!!

JUSTICE & ALEXANDRA BEAL - OCTOBER 2023

Being a couple themselves, they work together perfectly! It was so great to have a photography videography team that already knew each other extremely well and how to work together and not get in each other's way. Not only that, but joking around with them made the day extra fun and less stressful. Having your wedding documented is an investment and Vinny made that investment so well worth it. Being able to revisit and experience our wedding and all the work that went into it is a gift. His style is timeless, clean, crisp, emotional but fun - he was the absolute perfect guy for the job. We can't thank or recommend Vinny enough for his work!!

FREQUENTLY ASKED QUESTIONS

IS THE \$4000 RETAINER FEE REFUNDABLE?

Due to the nature of wedding photography and calendars booking up so far in advance your deposit is non-refundable after booking. If for any reason I do not end up capturing your wedding day, the \$4000 retainer will act as a cancellation fee.

WHEN AND HOW DO WE SCHEDULE ENGAGEMENT SESSION?

First we throw available dates on an email chain, decide on what date works for all of us, discuss location & timing, then I'll send you another document on what to expect.

WHAT KIND OF EQUIPMENT DO YOU SHOOT WITH AND IS IT INSURED?

I shoot on all Canon gear and Vince shoots on Sony + a drone. 7 cameras, 13 lenses, 2 flashes and all our polaroid cameras + film. We have backup gear in case anything happens and yes it is all insured.

WHAT ARE YOUR TRAVEL FEES?

We work with each couple differently based on their wedding weekend details. Typically a travel budget is decided on by all parties and written out in detail on the contract. We require a room in the same hotel or residence that wedding guests are staying in or accommodations as close as possible. That saves us hours of time & gives us many opportunities to scout perfect photo spots before your big day.

HOW MANY IMAGES CAN WE EXPECT AND WHAT WILL THE VIDEO LOOK LIKE?

For photos - the amount of images is dictated by how many hours of coverage you decide on. The more hours of shooting on the wedding day equals more images. 8 hours typically produces 600 final images, 10 hours - 800 to 1000 final images. Engagement sessions include 90 minutes and 150 final images.

For video - You'll receive a 3-5 minute film including clips from your entire day, edited to music and audio of your voice & those of your loved ones.

HOW LONG UNTIL WE RECEIVE OUR PHOTOS?

I know you are so excited to get your images back and I'm excited to work on them. I, (Katie) will provide 50 highlight images within one week of your wedding day. Your final gallery will be delivered in a maximum of 8 weeks. What a treat if we get them done sooner right?

HOW LONG UNTIL WE RECEIVE OUR VIDEO(S)?

We know you're also chomping at the bit to check out your video and relive all of your favorite moments. We also want to make sure we create something magical for you that you'll cherish forever, so we put a LOT of hours into creating and editing your unique story - estimated delivery time for a 3-5 minute highlight film is 8-10 weeks from your wedding day.

WHAT DO WE DO IF WEATHER DOESN'T COOPERATE FOR OUR SESSION?

Each session will be different and not one of them perfect. The only time we reschedule a session is if it's downpour raining. Wind, clouds, fog and hot heat are all part of living in California and we will make beautiful photos no matter the circumstances. If you're set on rescheduling due to weather or personal circumstance, a \$200 fee will apply.

HOW DO YOU ACCEPT PAYMENT?

Check: Katie & Vin LLC 138 Virginia Dr Ventura CA 93003

Credit Card: Secure online checkout available upon receiving invoice

WHERE CAN WE READ REVIEWS ON YOUR WORK?

Lucky me my previous clients are the absolute sweetest and wrote some kind words [HERE](#).

WHAT DO YOU ENJOY THE MOST ABOUT CAPTURING WEDDINGS?

Capturing precious memories that will be cherished for generations to come.

ENGAGEMENT SESSION DETAILS

A time for the two of you to celebrate your upcoming wedding. Intimate, real, relaxed, FUN!

First we throw available dates on an email chain, decide on what date works for all of us, pick a location based on what you two enjoy to do together and from there I'll send you another document with more info. What to wear, who's driving, what time we leaving, where do we park, when will we be done, etc.

Once more, YOU are my priority. This is about you, your love, your story, your wedding. I want to have the location be somewhere special to the two of you, even if that means in your home or backyard. I want you to wear something you'd wear on a date night and feel confident and comfortable in. If you need a little liquid courage or want to bring snacks - great! If you want your dog to join - even better! Feel free to voice any and all requests.

If you are doing a video package with an engagement session - Vinny will tag along and capture clips of our session to include in your final wedding film.

Engagement sessions are our favorite way to get to know you! It is the perfect way for us to all get familiar with each other before the wedding day. A "warm up" if you will. We practice prompts and poses and you get the rhythm of how we work. Treat it as a fun date night and we're simply your third wheel. It's going to be a blast!

See you soon!

... together they make a dream team. Vinny is warm, kind and a fantastic videographer. He has an eye for capturing the important moments and all the ones in-between that as the bride/groom you don't get to experience. The way he weaves all those moments together is truly special. Having your wedding documented is an investment and Vinny made that investment so well worth it. Being able to revisit and experience our wedding and all the work that went into it is a gift. His style is timeless, clean, crisp, emotional but fun - he was the absolute perfect guy for the job. We can't thank or recommend Vinny enough for his work!!

FINE ART VS. LAY FLAT?

When you go to put your album together you'll be faced with the decision between a "fine art" album or a "lay flat" album. What on earth is the difference you ask? It's all about the paper and printing..

The fine art albums are made with a thinner acid free museum grade paper, and printed using inkjet technology (like the printer in your office, but fancy). What this means for you is the absolute best image quality and clarity. If you want the clearest and brightest prints of your wedding photos the fine art album is the way to go. These are only available in linen and leather construction.

The lay flat albums use a thicker and stiffer paper called photographic paper, and they are printed using a photo development technique (like how you would develop film photos, in a dark room!). This makes for a more vintage, artistic feel. That, combined with the more robust paper, make these albums a great coffee table piece with great hand feel and a cool look.

Both styles are archival quality, meaning they are built to last and they come with a lifetime guarantee.

HOW DO WE BOOK?

You've made it to the end! Congrats!

Once we've decided together on the coverage that best suits you - we'll send over a contract for you to review and sign. A \$4000 retainer is required to hold your date at the time of signing. When the retainer is submitted and the contract is signed by all parties - we'll email you an in-depth PDF packet discussing all the steps involved in this process. We want to make it as easy and enjoyable as possible to work with us.

One month before your wedding day we'll send over a questionnaire to finalize details, family shot list, any last minute changes or requests.

If your package includes an engagement session we'll put a date on the calendar and get to planning all the fun details of your upcoming session.

We're available at any time throughout this process. We know how stressful wedding planning can be and we're here to alleviate any tension.

Cheers to you, your partner and your upcoming celebration! This is a special time in life that will never happen again. Try to stay grounded and concentrate on what matters most - your commitment to one another.

We look forward to working with you!
